Transfer / Relicense fee and Transfer Time Period:

Regulators may designate a discounted fee for individuals requesting registration within a certain time limit since their last approved registration within that jurisdiction or SRO. Regulators who choose to participate will show a discounted fee in this column.

Individual Registration Termination Fee:

The following SROs charge a fee for individual registration termination:
 Financial Industry Regulatory Authority - \$40 AMEX - \$0 ARCA - \$0

Individual Registration Review Methods:

- For *Jurisdictions*, the review method may be Manual, Automatic, or 'Home State'.
 - Home State - This is essentially the same as automatic, with the exception that applicants with a residential address in that jurisdiction will be reviewed manually.
- For *SROs*, the review method may be Manual, Automatic or SuperAutomatic.
 - SuperAutomatic - Regardless of whether there is any new or updated disclosure, a SuperAutomatic setting denotes that if an individual's registration request is non-deficient and is approved by Financial Industry Regulatory Authority, the individual's registration will also be approved by that SRO. With the same conditions, where there is no Financial Industry Regulatory Authority registration request, a non-deficient registration request will systematically approve with that SRO.

Dual Registrations:

- Always = dual registrations are permitted.
- Never = dual registrations are prohibited. Dual deficiencies will be applied. Please contact the state directly for any exceptions.
- Affiliates Only = Dual registrations are permitted for employment with affiliated firms. The term 'affiliate' is defined on Form U4 as any firm under common ownership or control. Dual deficiencies will be applied to requests for dual or multiple registrations with firms that are not affiliated. The system will not recognize firms as affiliated until the filing firm reports the affiliated firm under Question 10A or 10B on the Form BD, or Item 7A(3) on the Form ADV.

S63 requirement:

- This indicates whether the jurisdiction requires the S63 exam for state registration.

Dual Branch Office Fee and Dual BR Renewal Fee – this fee will apply to branch offices filing as both BD and IA branches. The dual fee will apply in full when filing both sides (BD and IA) simultaneously. Should a branch already be filed as one of the two, the dual fee MINUS the fee already paid will apply. For example, if already filed as a BD branch, and then filing as an IA branch, the fee will be the dual fee minus the BD fee.
